Giant Wave Sweeps Decks Of Ferry; Six Lives Lost, Report

Twenty Passengers Swept
Into Waters; Only 14
Accounted For

5,000 PASSENGERS
FIGHT IN PANIC

Just What Happened As
Ferry Plunged, No One
Seems to Know

BULLETIN
San Francisco, Feb. 18.—The likelihood that at least three passengers of the ferryboat Peralta, whose decks were swept by a giant wave in San Francisco bay last night, have perished appeared plausible today when relatives of the three persons reported them missing.

The three, believed to have drowned in the sensational mishap are: James W. Collins of Oakland, Hugh Findlay of Berkeley and Walter Hoy, address unknown.

United States Inspector John K. Bulger and other federal state investigating officials confirmed reports that the three passengers were definitely missing.

San Francisco, Feb. 18.—Death clutched at 5,000 homeward bound ferry passengers here and today is believed to have dragged six of them beneath the waves of San Francisco bay.

Out of a maze of conflicting reports this was the conviction of federal and state investigators as they opened a searching investigation today into the tragedy that nearly overwhelmed the key system ferry Peralta last night.

Sudden Plunge
Jammed with chattering thousands bound for the supper tables of a thousand East Bay homes, the Peralta suddenly plunged deck-deep into the tide-racked depths off Goat Island, a mile from her Oakland slip.

A crashing wave of salty foam engulfed the forward end of the ship. Thirty men and women, it is believed, were engulfed and hundreds more, soaked by the surging wash of waters, screamed and fought in panic to escape the doom that threatened.

But the Peralta righted, sloshed off the tons of water that swept half-way through the lower deck space, and staggered to a stop as tumbled fumbled in clumsy haste to launch lifeboats.

Exactly what happened no one seems to know.

Baffled by a shroud of mystery thrown over the whole affair, investigators throughout the night were able to gain little more than the jumbled, fear-distorted tales of survivors.

On an official statement, issued by the key system, that only 14 of 20 persons known to have been in the water are accounted for, is today's presumption based that six are missing perhaps drowned.

ENDS RED CROSS WORK IN SALEM

Miss Beach to Leave For
Warren Post; Temporary
Selection Here

Miss Ruth Beach, home service secretary of the Red Cross chapter here, will leave Sunday for Warren to become executive secretary of the Trumbull county chapter, Red Cross.

Miss Isabel Mullins has been named acting secretary in charge of the Red Cross office at the Memorial building until another Red Cross social worker is obtained.

The secretary resigned her position here to accept one which will be an advancement, the field being larger than here. Miss Beach has served as executive director of the work here for nearly five years, coming here from West Farmington where she taught school a year.

Prisoners In New Cell Block At Pen

Columbus, Feb. 18.—Announcement that 136 prisoners are housed in the partly-completed new cell block at Ohio penitentiary, was contained in a report submitted today to Gov. V. E. Donahy by Welfare Director John E. Harper.

These prisoners, it was stated, occupy cells on the second range. Harper said that the first range of cells, with a housing capacity of 136 prisoners, will be ready for occupancy in a few days.

The Columbiana county jury chosen for the trial of former Chief of Police Seranus A. Lengel, Canton, for the murder of Don Mellett, newspaper publisher.

First row, left to right—John Floding, Leetonia, merchant; Kirby Wilson, Salem, alternate; Mrs. Jennie Roach, Salem, housewife; Mrs. Blanche Betts, Salem, housewife; Frank Irwin, East Palestine, grocer; George Boyce, East Liverpool, merchant.

Top row, left to right—Hugh McNeill, East Liverpool, manufacturer; Samuel Burgess, East Liverpool, potter; John Stratton, Salem, lumber dealer; Hayes Stiller, Leetonia, farmer; Frank Kannel, New Waterford, farmer; Delmar Hoover, bookkeeper, East Liverpool, and Clarence Fisher, Lisbon, laborer.

Seven Schools Are Preparing To Enter Oratorical Contest

Camp Meade Name Changed To Honor Gen. Wood Memorial

Baltimore, Feb. 18.—The first memorial to General Leonard Wood, who died last fall while serving as governor-general of the Philippines, was authorized today by Major-General Charles P. Summerall, chief of staff of the United States army.

In an address before a luncheon of the Leonard Wood Memorial association, General Summerall announced that Secretary of War Davis has authorized changing the name of Camp Meade, Maryland, to "Fort Leonard Wood."

"General Wood so typified the best military characteristics that his name should be kept continuously in the minds of our officers," Summerall said.

LET CONTRACT FOR NEW CHURCH

Boldt Construction Co.
Will Build Emmanuel
Lutheran Church

The Boldt Construction company, of Cleveland, which has a branch office here, has been awarded the contract for building the new Emmanuel Lutheran church on Broadway.

As soon as the weather permits the parish hall, where the congregation has been holding its services, will be razed and the work on the sacred edifice will be begun.

The estimated cost of the building, alone, without the lot and furnishings is \$48,000. It will be built of brick and trimmed in stone copings.

This new church will have an auditorium that will seat 425 people and a balcony with a seating capacity of 200. The basement will be equipped for the Sunday school sessions.

Stay of Execution Is Granted Weaver

Columbus, Feb. 17.—Indefinite stay of execution for Joseph Weaver, Cleveland negro, sentenced to die Monday night, was announced here today by the state supreme court. Weaver was found guilty of killing Jasper Russell, Cleveland night watchman. The stay will remain effective until disposition of an appeal filed by Weaver's attorneys.

Eddie Foy Returns In Death To Rest Near Gay White Way

New York, Feb. 18.—Stage folk say the greatest comedian is at heart the greatest tragedian—if so, Broadway should weep freely today when Eddie Foy comes home.

Eddie, who reigned on the American stage for years and years as the greatest clown of them all, returns in death to be laid at rest not so far from the lights of the great white way—at New Rochelle.

Accompanied by Mrs. Foy and six of "the seven little Foyes," the actor's body was scheduled to arrive at Pennsylvania station, and crossing over Broadway, will be transferred through the Grand Central to a New Rochelle train.

It will be among his old neighbors at the Foyer, Eddie's residence. Funeral mass for the actor, who died Thursday in Kansas City, may not be sung before Tuesday.

Bryan Foy, "the seventh little Foy," is expected to arrive late Monday from Hollywood, where he is a director and scenario writer. Father Pasquale Manzoli, pastor of St. Joseph's Catholic church at New Rochelle, and a personal friend of the deceased, probably will conduct the last rites.

The Lambs, Friars and Players clubs, the Catholic Actors' guild, the National Vaudeville association and the Elks plan to be at the obsequies.

One of the Lambs said: "When Eddie takes his last curtain call there will be a bigger turnout of the profession than ever accorded any other star."

Ohio Contest Conducted
By the Brush-Moore
Newspapers

Preliminary plans have been completed for the district competition in the National and International Oratorical contest in the territory served by The News.

Seven high schools, Salem, Leetonia, Washingtonville, Columbiana, East Palestine, Damascus and Greenfield, have been invited to enter the contest, and they are in the process of selecting their representatives to the Salem district championship contest in Salem High school Friday, April 20.

The manner of the selection of the representatives of each of the seven schools is left to the discretion of the school authorities of each community. The various superintendents and principals are aiding The News in conducting the district contest, and they will see that the school representatives are selected before Friday, March 16, the closing date.

State Contest
The winner of the district contest here will go to Canton Friday, April 27, to compete in the state contest when the Ohio oratorical champion will be selected.

The Ohio champion then will go to Troy, N. Y., on Friday, May 11, for participation in the national semi-finals, and if declared the victor there, will move on to Washington for the national finals on Friday, May 25.

Should the Ohio champion win the national contest, he or she, will return to Washington on October 13, for the international competition.

In the meantime all participants

FATHER AND SON DINNER TUESDAY

Dr. Hammaker to Speak
At Annual Banquet at
Methodist Church

Dr. W. E. Hammaker of Youngstown, pastor of Trinity Methodist Episcopal church there for the last 10 years, will be a guest and speaker at the Father and Son banquet next Tuesday evening at the Methodist church.

Fathers will bring a son and men in attendance not having a son will be furnished a boy for the occasion.

Dr. Hammaker is considered one of the outstanding speakers of the Methodist Episcopal church. He heads the delegation of the North East Ohio conference to the general conference to be held in May at Kansas City. By a vote of the delegates of his conference he has been recommended as a candidate for the bishopric. Dr. E. S. Collier, pastor of the Salem church, is one of the delegates.

The banquet Tuesday evening is being arranged by the Methodist Men's club.

Famous Novelist And Star Athlete To Wed In Summer

Hollywood, Cal., Feb. 18.—Adele Rogers St. John, playwright, novelist, short story writer and author of many scenarios, and Richard Hyland, one of the greatest all-around athletes that ever represented Stanford university, will be married this summer, Hollywood learned today.

Since Mrs. St. John and Hyland met last spring, they have collaborated on a number of short stories and vaudeville sketches.

Mrs. St. John, divorced from Ivan St. John, magazine editor, will become final next month. She is the daughter of the late Earl Rogers, one of California's foremost criminal attorneys.

YOUTHS FACING MANY CHARGES

May Not Be Brought Here
To Answer to Charge
Of Auto Theft

Two Youngstown youths who stole Harry Wisner's auto here Sunday night on their mad race through the state to escape arrest for robbery and auto thefts in the Mahoning valley, probably will not be brought here for trial.

Chief of Police T. W. Thompson said today that there are so many charges against the youths in Youngstown that they face long reformatory terms in those cases, making it improbable that this city will get a chance to file the auto theft charge.

The youths wrecked a Youngstown auto near here when it struck a school bus. They took Wisner's auto from Jennings ave. and drove it to near Dayton, wrecking it when it struck the ditch and turned over three times. They then stole another machine and drove to St. Clairsville, where they were arrested in a gun battle after they fled from a gas station without paying for the gas.

For a time the youths were suspected of the kidnapping and murder of two Indiana deputy sheriffs but proved their innocence.

REPORT OF S-4 DISASTER READY EARLY IN WEEK

Washington, Feb. 18.—Yielding to insistent pressure from both congress and the public, Secretary Wilbur has decided to release the navy report on the S-4 disaster early next week.

The recommendations and findings of the naval court of inquiry, which investigated the Provincetown disaster of Dec. 17, are expected to be released for publication Monday morning.

Secretary Wilbur, who has had the report for two weeks, planned to hold it until final action had been approved by the judge advocate general's office and the secretary. This plan has been abandoned.

Lindy Can't Stay On Ground Long At Time

St. Louis, Mo., Feb. 18.—Tiring of staying on the ground, Col. Charles A. Lindbergh hopped off here today to cover his old air mail route from here to Chicago in anticipation of carrying the mail again Monday.

He will stop enroute to Chicago today at Springfield and Peoria, Ill., regular air mail stops.

WILLIS BACKERS REFUSE HOOVER SECOND CHOICE

Delegates Restricted To
Lowden, Curtis, Wat-
son or Fisher

WRITTEN CONSENT
TO BE ATTACHED

No Decision Reached As
To Entering Prefer-
ence Contest

Columbus, Feb. 18.—Prediction that no Willis candidates for delegate or alternate from Ohio to the Republican National convention will endorse Secretary of Commerce Herbert Hoover as their "second choice" for the Republican nomination for president was made today at Willis state headquarters here.

Charles A. Jones, secretary to U. S. Senator Frank B. Willis, announced that, while candidates supporting Willis for the G. O. P. presidential nomination will be permitted to make their own "second choice," these selections will be restricted to former Governor Frank O. Lowden, Illinois; U. S. Senator Charles Curtis, Kansas; U. S. Senator James E. Watson, Indiana, and Col. Charles R. Fisher, Wilmington, O.

Written Consent
Secretary Jones stated that the written consent of Lowden, Curtis, Watson or Fisher will be attached to the declaration of each Willis candidate who selects either of four men as their "second choice" candidate.

Conferences were held here today between Senator Willis, Col. Carmi A. Thompson, Cleveland, directing the Willis campaign; Secretary Jones, and former Congressman Ralph D. Cole, of Findlay. Campaign plans were discussed.

Announcement was made at both state headquarters that no decision had been reached concerning the question whether Willis and Hoover will enter the Ohio presidential preference contest at the statewide primaries next April. It was understood that Willis and Hoover supporters were urging both candidates to keep out of a preference contest, on the ground that the one receiving a majority vote would win "nothing but an empty victory" and that the loser would be placed at a disadvantage.

Refused Second Choice
"Hoover managers demanded that all second choices go to Hoover," said Secretary Jones. "We couldn't comply with such a request and wouldn't have done so if we could." Jones stated that Assistant Secretary of Commerce Walter F. (Continued on Page 4)

REEVES TO QUIT BUSINESS HERE

Ill Health Forces Salem
Man to Retire; Spring
To Take Room

Frank L. Reeves, manager of F. L. Reeves & Co., dry goods store at 29 Broadway, today announced his retirement from business because of ill health.

The entire stock of the store will be placed on sale Monday, the sale to run until the stock is disposed of. Mr. Reeves has been in business in Salem for 24 years, and he states his sale will be operated in the same manner as his regular business has been conducted.

"There will be no high pressure methods used but instead we will concentrate on giving value by sacrificing the stock," he said.

Fred Reeves, who has been associated with his brother, Frank, in this business, recently went west for the benefit of his health.

The Spring-Holworth Co., plans to take over the Reeves store room. Manager A. K. Switzer said today. Plans have not been completed, and will be announced later. The Spring-Holworth store is at 33 Broadway, and the acquisition of the present Reeves store room will make a considerable addition in floor space.

Baptist Juniors Plan Bible Verse Hunting Contest

A new program will be given by the Juniors at the First Baptist church at 7:30 p. m. Sunday. This group meets each Friday afternoon following school under the leadership of the pastor, Rev. A. M. Clarke. Two special programs have been given in previous months to large audiences, and interest in the meetings is increasing.

Object lessons, blackboard talks, stories are included in the work. Boys and girls will sing choruses, recite Scripture verses and quote poetry.

A feature of especial interest will be the Bible verse hunting contest. Last month the contest in the New Testament was won by Virginia Cain. This month it will be in the Old Testament. It gives promise of being both quick and thrilling.

Mayor Performs Double Wedding For Two Sisters

Mayor Phil Hiddleston performed the first double wedding ceremony in City Hall Friday afternoon when Misses Mary and Violetta Harrington, daughters of Mr. and Mrs. H. W. Harrington, Ellsworth ave., were brides of two young Salem men.

It was very inexpensive for the groom, for the mayor did not charge a fee for the ceremony. He had promised the couples previous to the wedding that he would marry them free of charge, the second time this year he has officiated on such a basis.

The short municipal service was performed in council chamber at the president's dias. The mayor united the lives of Mary Harrington and Marion H. Fetherolf, and Violetta Harrington and Hollis O. Porter, saying a prayer at the conclusion.

Both couples remained standing before him for several moments after the prayer, and the mayor requested each bridegroom to kiss his bride. This romantic touch ended the ceremony.

CHICAGO SWEPT BY BLIZZARD AS MERCURY DROPS

Traffic Tied Up, Autos
Snowed Under; Many
Accidents Caused

Chicago, Feb. 18.—After seventeen February days of spring mildness, Chicago today trudged to work in eight inches of snow and in the teeth of a northwest gale that sent the mercury well below freezing.

The blizzard—the second worst of the winter—struck Chicago yesterday noon. Snow which began falling at that time continued throughout the night. Thousands of laborers worked all night in an effort to keep the lanes of traffic open.

Hundreds of automobiles were snowed under at the curbs and could not be moved. Elevated trains and surface cars had difficulty in handling the crowds of early morning workers. Many suburban street cars became stalled in drifts and had to be dug out.

Traffic accidents of all kinds resulted from the storm. One man was killed and several injured in a collision in the switching yards of the belt line. The blinding snow obscured the vision of the engineers. Several pedestrians were knocked down in the streets by automobiles while the blizzard raged at its height.

The blizzard and heavy snowfall was general over the middle-west, train and air-mail services in some sections were completely tied up. Many of the trans-continental trains in the west were reported far behind schedule.

COLUMBIANA RD. BIDS ARE ASKED

Columbus, Feb. 18.—Bids will be called for on 61.3 miles of road including several important bridges at the next letting of the State Highway Department which will be held March 2, according to announcement today. The approximate cost of the work will total \$2,100,000, according to estimates.

Among the more important projects are the paving of the state route No. 7, the Youngstown-East Liverpool road in Columbiana county for the distance of seven miles, and the paving of state route No. 7, the Ohio river road between Newport and Marietta for a distance of 11 miles.

The great majority of the projects are located in northern Ohio. Contractors will be instructed to begin work as soon as the season opens in the spring.

Bonds Stolen From Bank Are Recovered

Des Moines, Ia., Feb. 18.—Recovery of \$7,500 worth of bonds stolen from the Commercial Savings bank of Gallon, was reported here today by Sheriff Findley.

The bonds, it was said, had been disposed of in Iowa, along with stolen bonds from Aurora, Neb., and New Orleans. The salesman who is alleged to have sold them, disappeared after distributing about \$10,000 worth of bonds.

Save 200 Inmates In Infirmary Fire

Cincinnati, Feb. 18.—Nearly 200 residents of the Hamilton county infirmary, were carried to safety here today when fire of an unknown origin filled the building with smoke. The extent of the fire had not been determined. Cincinnati firemen reported from the scene.

LENCEL MAY GET ACQUITTAL THRU COURT'S RULING

State Expected To Rest
After Producing Few
More Witnesses

ADJOURN COURT
UNTIL MONDAY

Defense to Make Motion
For Directed Verdict
Of Acquittal

Lisbon, Feb. 18.—Sernus A. Lengel, former Canton police chief, on trial a second time for alleged participation in the Don R. Mellett murder plot in Canton, in 1926, may know his fate early next week.

Following a ruling by Judge W. F. Lones here late Friday, that testimony of Floyd A. Streitenberger, admitted in Lengel's first trial at Canton, cannot be used at the present session, court was adjourned until Monday, when the state is expected to rest its case after calling three or four additional witnesses.

The defense then will make a motion for a directed verdict of acquittal, it was predicted.

Streitenberger, former Canton detective, under a life sentence to the Ohio penitentiary for complicity in the Mellett slaying, has refused to testify in the present trial. His testimony at Lengel's first trial was generally believed to have been responsible for the verdict of guilty against the white-haired ex-chief, which resulted in Lengel's being sentenced to life.

The seventh district court of appeals, reversed the lower court, however.

Judge's Ruling
In his ruling, Judge Lones cited an "exactly similar case, which was taken to the Ohio supreme court."

"I fully realize my duty to the state and defense in addition to my sworn duty, but in the fact of the decision of the supreme court in an exactly similar case, I must rule that the previous testimony may not be used at this trial," Judge Lones said.

"My idea of a fair trial is that the court should be lenient in admitting testimony. It is not for me, a common pleas judge, to say the supreme court is wrong."

"At some later date the supreme court may reverse its previous ruling, but until that time the testimony of a witness at a previous trial can be admitted only if he is dead."

Special Prosecutor C. B. McClintock, shortly before Judge Lones' ruling, declared the state's case would be dealt a "mortal blow" unless Streitenberger's testimony was admitted.

"Private" Reasons

In refusing to testify at the present session, Streitenberger based his stand on "private reasons." The prosecution Friday had called Florence Travis, court stenographer at Lengel's first trial, in an attempt to authenticate Streitenberger's previous testimony.

It is this refusal that has caused the present turn in the case, and admission is freely made that so far there has been no evidence offered in this case by the state that connects the defendant with the murder of Mellett.

However, counsel for the defense is taking nothing for granted, and in addition to calling five convicts in the Ohio penitentiary to testify in this case a precept has been issued for 28 others, all from Canton, save two who reside at Youngstown.

PATRIOTIC TALK BY REV. CLARKE

Sons of Veterans Hosts
At Defenders Day
Celebration

Rev. Arthur Clarke, pastor of the First Baptist church, gave a splendid patriotic talk at a meeting of Philip Triem camp No. 43, Sons of Union Veterans, Friday evening at the hall, Main st., when the camp presented a special program in observance of Defenders day.

In Rev. Clarke's talk he made a comparison of the lives of George Washington and Abraham Lincoln. A large crowd enjoyed the excellent program composed of these numbers.

THIRTY YEARS AGO

How time flies. It was thirty years ago Wednesday, February 15, 1898—that the battleship Maine was scuttled in the harbor of Havana, with the loss of two officers and 264 men.

Immediately throughout the nation the cry was raised to "Remember the Maine," and when the Washington government declared war on Spain and called for volunteers to avenge the destruction of this warship, thousands trooped to the recruiting offices to lend themselves for the fray.

The destruction of the Maine came twenty-two days after the ship anchored off Moro Castle. She went to Cuba on a peaceful mission. Spain had been embroiled in war with Cuba, one of her colonists, and the butchery which was common there had nauseated this country for months, but it required the destruction of the Maine to provide the match to set off the explosives of war.

The Spanish-American war was short-lived. It cost America considerable money and the loss of many lives, but it was worth it, because it resulted in the freedom of Cuba and the establishment of an island republic to replace the down-trodden and coerced little colony which Spain had ground under her heel for centuries.

Now there is peace and plenty in Cuba. We have patched up our quarrel with Spain. We have liberated the Filipinos and made them a self-supporting nation, albeit not entirely a self-governed nation. But self-government will come to them some day, just as it came to the Cubans.

America sought no territorial expansion as a result of the victory over Spain. Our position in that war was altruistic.

SURVEYS

We have had government by clique, government by mass passion and prejudice, government by finance and by capital, government by this, that and the other. It looks as if we were moving in the direction of government by survey.

Once upon a time people took traditional generalities as sacred and reasoned from them to the particular. They called this deductive reasoning. Aristotle was quite a famous deducer. Francis Bacon, along about Shakespeare's time, made popular a tendency to reason from observation. He was the father, or at least the great-uncle, of all researchers.

His process of watching animals or chemicals, finding that this bird with certain feathers has this song, that bird with similar feather has the same song, the other bird likewise, and coming to the conclusion that all birds of that type of coat have the same type of song was called inductive reasoning. It's the process that has made our science what it is, from reconstructing Mayan civilization to building the new Ford car, and no wonder we are inclined to worship it.

In the social science this worship of induction is even more marked. Every day somebody is being surveyed for some purpose.

In sober earnest, this process is of vital importance. How can we reason towards the future until we have established facts about past and present?

What Others Say

"LIVE DANGEROUSLY"

Much of the fascination that statisticians find in figures come very likely from the surprises which their compilation seems a way to have in store. What joy to spring these surprises on the rest of us and to see those pet impressions that we all form as the result of a casual daily observation of life burst as with a charge of dynamite! It is an exciting pastime, but it also has its perils as when the figures turn out to be faulty and the statistician is "hoist" with his own petard.

All this, however, is by way of idle chatter and is not meant as any reflection on the findings of Dr. J. M. Dodson, former dean of medicine at the University of Chicago and an officer of the American Medical Association. Dr. Dodson has compiled some rather amazing figures on human longevity according to occupation. Who, for instance, hasn't thought of coal mining not only as an extra-hazardous but also an unhealthy occupation? The coal miner works in a cramped position in the dampness and close air of a mine gallery, exposed to a score of agencies productive of disease or sudden death. Yet Dr. Dodson's statistics show that his expectation of life is not a little beyond that of the average citizen—51.3 years, to be exact, as against 47 years.

Hardly less surprising is his discovery that, of all the occupational classes studied, doctors live the longest, the average doctor's life being 62 years. One may say, of course, that the physician knows how to take care of himself, but, on the other hand, few occupations demand longer, more irregular hours and greater nervous strain, and none exposes its devotees to like dangers of infection and contagion. Compared with the regular hours, lack of strain and cluttered routine of the bookkeeper, let us say, it seems like going to war. Yet the average bookkeeper's life is only 36.5 years, the shortest of all!

Possibly there is a clew in the fact that bookkeepers are notoriously bored and doctors quite as notoriously absorbed in their profession. It may be that of all the maladies besetting humankind, boredom would, if it could be measured, boast the highest death rate. The showing made by farmers in Dr. Dodson's list lends some support to this theory. Farmers, he finds, live longer than all other sorts of slaves except doctors, and no one ever accused a farmer of being bored—he has too many troubles.

In any event, provided Dr. Dodson's figures have a broad enough base to be truly representative, it really begins to look as if the Scriptural quotation: "Whosoever shall seek to save his life shall lose it" might be true in a sense other than the spiritual and that to the old imperative, "Live dangerously," one might add, "and live long!"—New York Herald Tribune.

GAS WARFARE TRAINING TO BE EXTENDED

Washington, Feb. 18.—Impressed by the growing emphasis placed upon gas warfare abroad, the United States army has determined upon a policy extending the technical defense training of the chemical warfare division to every branch of the service.

For the first time in history, an officers school will be conducted for all other branches of the service at the gas research laboratories at Edgewood, Maryland. Here beginning next July, a group of 80 selected officers will be schooled in every phase of gas warfare. They in turn will spread the new method through their respective units.

"This course is merely in recognition of what other nations are doing in the field of gas and smoke warfare," said Major W. N. Porter, chief of the chemical warfare training section. "The advance in the use and production of war gas since the World War has been even more rapid and revolutionary than in the war years themselves."

LONG BOILING BEST FOR BABY'S CEREAL

By Royal S. Copeland, M. D.

There came into my hands recently a new book. It wasn't the "Congressional Ladies' Cook Book," or the pronouncements of some famous French chef. It is a book telling us how to cook for children.

Nothing can be more important than the preparation and cooking of children's food. Unless we lay a foundation of health and vigor in earliest youth, we are not building as we should.

The bones and muscles of early life are indeed the foundation of the bones and muscles of adult life.

Our youngsters cannot have strong bones, normal teeth, elastic muscles, clear skin and pure blood, unless the food they take is the right kind of food for food. Not only must it be the right sort of food, but it must be prepared properly.

After weaning begins, the first food we give the baby is a cereal. On this account this should be the first food to be studied. I was glad to find the cereals leading off in the book I have mentioned.

Thorough cooking is emphasized, and properly so. A tiny baby's mouth and guttles and stomach are not ready for uncooked and hard substances. It is pointed out that the invitation on the label to cook the cereal five or ten minutes, must be disregarded by the careful mother. Short time cooking is not enough when a baby's food is being prepared.

This author believes that all cereals intended to be fed to young children should be cooked in a double boiler for three or four hours. Boiling—hard boiling—is not essential. But the cereal must be thoroughly steamed for a long time to make sure it is fit for the baby's use.

One of my friends, a woman I regard as a model mother in many ways, makes it a practice to have a different cereal for every day of the week. This makes it easier to excite the interest of the child.

There is no doubt that monotony in feeding is a harmful factor. Variety is the spice of life, it is said. Certainly, when it comes to eating, the importance of variety is not to be overlooked. This is particularly the case with young children.

You have such a choice in cereals that there is no difficulty at all in avoiding monotony. This is a thought worth remembering.

Very young children, being fed before the teeth have become useful, must be carefully fed with the cereals. It may be better to strain the product, to make sure no hard lumps and, particularly, no foreign

particles go into the untrained throat.

You must not forget that the food for the baby must be specially prepared. There must be separate dishes and utensils. Care in these matters will have much to do with the growth and well-being of the child.

Cooking for the young child is a real task and must be done by a patient and considerate parent.

Answers to Health Questions
M. B. Q.—What should a girl of thirteen; 5 ft. 2 in. tall weigh?

A—She should weigh about 103 pounds.

A. A. Q.—What do you advise for bunions?
2.—Is a Cuban heel harmful to the feet?

A—Bunions are caused by the pressure of the shoe on the joint of the great toe, and until this pressure is relieved the bunions cannot be cured. If the trouble is of long

Tomorrow's HOROSCOPE

By Genevieve Kemble

SUNDAY, FEBRUARY 19.

Passion, wisdom, creative genius, the power of mystery and color are allotted in the hour of fate and can neither be assimilated nor learned.

Arthur Symonds.
Sunday's horoscope shows signs of an eventful day, with possible change or travel of benefit and with other advantages in employment or through letters, writings or dealings with elders. Financial advantages are shown also.

Those whose birthday it is may look for a year of important events, with beneficial changes or journeys and with financial growth through employment, business contracts and through others. A child born on this day may have many excellent qualities making for success through invention, skill or business sagacity. It should be versatile and reasonably successful.

Notable Nativities: David Garrick, actor.

MONDAY, FEBRUARY 20.

Fluctuating fortunes and much diligent labor and enterprise with but little financial return seem to be the augury from this day's celestial omens. Personal affairs may assume some subtle or singular aspects, but these may later come to the fore for adjustment.

Those whose birthday it is are on the eve of a year of fluctuations in the fortunes, although there may be labor and initiative with deferred benefits. In personal matters there are foremen intrigue or subtlety. A child born on this day should be diligent, stable and resourceful but may be subject to ups and downs as well as to subtleties and intrigue.

Notable Nativities: Mary Garden prima donna.

standing an operation may be necessary to cure.
2.—No.

B. A. Q.—How can I reduce?
2.—What should a girl weigh who is 19 years old and 5 ft. 4 in. tall?

3.—What should a girl weigh who is 17 years old and 5 ft. 5 in. tall?
A.—Weight reduction is chiefly a matter of self control as regards the diet. Exercise is, of course, essential. For full particulars send a self-addressed, stamped envelope and repeat your question.

2.—For her age and height she should weigh about 124 pounds.
3.—For her age and height she should weigh about 112 pounds.

"THINK OF THIS"

I will save the valley of Achor (i.e. trouble) for a door of hope.—Hosea 2:15.

A young man was engaged to be married to a woman whom he had known for a long time. All preparations had been made for the wedding, but the day before she was accidentally drowned. The youth, Joseph Scriven, sought comfort in verse, and wrote the hymn: "What a friend we have in Jesus, All our sins and griefs to bear!"

Through this sorrow, he was led to consecrate his fortune and ability to Christ. One day he was returning home dressed as a workman, carrying a saw and saw-horse. A newly arrived citizen said to another: "I wonder if I could get that man to cut my wood?"

"No you can't get that man. He would not do it for you."

"Why not?"

"Because you are able to pay for it. He saws wood only for poor widows and sick people."

The valley of trouble was made a door of hope.

Church of Our Saviour (Episcopal)
227 McKinley ave., Rev. Christian A. Roth, rector.

Services Sunday Feb. 19, called Quinquagesima Sunday.

Celebration of the Holy Communion, 7:30.

Church school, 9:30.

Morning prayer and sermon, 11.

Wednesday of this week, Feb. 22 is Ash Wednesday, the first day of Lent. Services on that day are as follows: Penitential service and Holy Communion, 7 a. m.; Litany and Holy Communion, 10; evening prayer and address, 7:30.

In our approach towards Lent the church declares that our will needs to be trained, our work must be tested and now Quinquagesima shows the love which alone can direct our way.

One of the great thoughts of religion is God as the Path-Finder, willing to take risks of development in leading out His one progressive purpose. What urged the Great Divine Adventurer on? Love persisting, till love prevailed.

Love is that great and thorough good, without which all our doing are, and ever must be, of no avail, and without which those who live must be counted dead because love is the only source of life. Well may we plead for that most excellent gift, which binds the whole round world to the Heart of God.

St. Paul in first Corinthians XIII, draws with a master-hand the characteristics of love, and makes it the purpose of our faith and hope. It must be, for it solves the difficult problem of life. The glimpses of truth which come to us here are like distorted reflections in a polished metal mirror; but love that holds fast by God will hereafter know God, clearly and truly as He knows us now. Even the Gospel is a riddle compared with the light of the fuller life to come. The fact is pressed home that love is permanent, gifts, even those of the Spirit, will pass, but love will remain for love is of God.

Love found its way to Bethlehem and led the way to Calvary's hill. "Go where thou wilt, thou shalt find no higher or safer way than the way of the Holy Cross," says Thomas A. Kempis.

The love which constrained the Christ to go to Calvary still makes the way by which His people may travel till unto the God of Gods appeareth every one of them in Zion.

American Girls Make Good in Opera

MARY LEWIS

GRACE MOORE

MARION TALLY

By SHIRLEY KIRKE
(International Illustrated News Staff Correspondent)

IT IS NOT now as it hath been of yore—three native-born American girls have plowed through handicaps and prejudices and have emerged triumphant as grand opera prima donnas. And, what's more important, they've done away with, for all time, the ancient barriers that were seemingly erected against Yankee singers.

Marion Tally, the bright-

eyed Kansas phenomenon, bears the distinction of being the first of the trio to literally "crash the gate" and get away with it. Her success was a striking achievement.

Next came Mary Lewis, and, finally, Grace Moore.

They rushed in where angels had feared to tread. It took courage and persistence—it took faith and hope and lots of fight—but all three had those qualities, and that's why they won out in the face of innumerable discouragements.

The triumphs of this trio are

especially gratifying to Americans, not only from sentimental reasons, but because they mark the first definite step toward the true internationalizing of grand opera. There never was any really good reason why Americans should have been left out in the cold provided they had the talent. And now they're going to hold their own against imported talent.

And, we might add, please note that the pioneers were GIRLS. Do you get the point?

RETAIN RAINBOW DIVISION INTACT

Famous War Unit To Be Reconstituted For An Emergency

Washington, Feb. 18.—The war department is considering revision of its general mobilization plans so that in case of national emergency the celebrated Rainbow (42nd) division would be reconstituted in the same form as in the World war.

Elements of the old division, which won world-wide fame for its operations in the St. Mihiel and Meuse-Argonne offensives, are now in the national guard of eight states.

The following units would constitute the division in the event of approval of the plan:

165th New York infantry (now unassigned)
166th Ohio infantry, 37th division
167th Alabama infantry, 31st division
168th Iowa infantry, 34th division
169th Indiana field artillery, (unassigned)
151st Minnesota field artillery, 34th division
154th New Jersey ambulance company, 44th division
119th Michigan ambulance company, 32nd division.

Jap Experiment In Modern Elections Fixed For Monday

Tokio, Feb. 18.—A Japanese experiment in applied democracy will be attempted in the general election Monday when more than 12,500,000 electors, approximately 10,000,000 of them newly enfranchised, will go to the polls to vote for candidates for the house of representatives of the imperial diet.

It will be the first general election held in Japan in four years. Also, it will be the first general election held under the new universal manhood suffrage law, enacted two years ago, by which all males of Japan except a few excluded under special clauses who have reached the age of 25, have a right to vote. Woman suffrage is unknown in Japan and there are no women voters of any category.

The number of voters qualified to cast ballots in the election is officially given by the home office as 12,534,360. They will vote for approximately 1,200 candidates seeking to represent in the diet the various districts into which Japan, for electoral and legislative purposes is divided.

SEVEN SCHOOLS

(Continued from Page 1)

In the national finals will have made a ten weeks' trip to Europe. These orations are limited to ten minutes for presentation. They are delivered by the student precisely as any other orator would deliver them, and in the presence of spectators interested in this type of work within the schools.

The subject being conducted throughout Ohio, by the Brush-Moore Newspapers, for the purpose of determining an Ohio oratorical champion.

The subjects upon which the students may prepare and deliver their orations are: "The Development of the Constitution" or "The Present Significance of the Constitution."

Any student in any secondary school, who did not pass his or her 19th birthday anniversary on Feb. 1, this year, is eligible to compete. The National Oratorical Contest is sponsored by leading newspapers throughout the country. In Ohio the Brush-Moore group, which includes besides The News, The Marion Star, The Steubenville Herald-Star, The East Liverpool Review and The Canton Repository, was designated to conduct the competitions for selection of the Buckeye champion.

The state has been properly zoned, and The News' particular task just now, with the assistance of the school superintendents, principals and history, civics and English teachers, is to select individual school champions. That is the first step in the competition.

Salem Contest. Once the school has selected its oratorical champion, district contests are to be conducted, until there is left remaining in The News' territory only the one orator, who will be The News' district champion. That boy or girl then will compete with like orators from the other sections of the state, to determine the state champion.

There are cash awards for the winner of each of the newspaper championships. For instance the boy or girl who wins The News' district championship will receive \$25 in money. The boy or girl finishing second to the champion will win \$50 and the boy or girl finishing in third position will receive \$25. This holds true in each of the five zones of the state.

Added to this, The News will defray all the expenses of its district champion to Canton for the state elimination contest. All the expenses of the state champion to Troy, N. Y., also will be defrayed by the Brush-Moore Newspapers, and if the Ohio champion continues to win his or her expenses also will be defrayed.

Expenses Defrayed. In other words, once the orator wins in a given newspaper's territory, any future expense incurred will be defrayed either by The News or the Brush-Moore Newspapers. This will include the expenses of a companion, to be either the student's teacher or a parent, to the several zone and national and international contests.

Each school in the competition must have its school champion selected not later than Friday, March 16.

SHE'S SWAMPED WITH FAN MAIL

CATHERINE DONOVAN
(Continued from Page 1)

One of the busiest little girls in these United States is pretty Catherine Donovan of Newark, N. J., the office worker who twice broke the world's indoor track record for middle distance running events.

Catherine shattered the marks for the 800 and 1,000 meters in one week. Since then she has set a new record for the 800 meters in each of her three starts in that event.

Now she is deluged with "fan mail" that she can hardly keep up with it, attend to her office job, and keep in trim for the Olympics. Catherine has her heart set on being picked to represent the United States in Holland this summer.

FRESH BOMBING STIRS CHICAGO

Chicago, Feb. 18.—A fresh campaign of bomb terrorism was feared today following attacks on the home of a municipal court judge and on a garage which is said to be the hangout of alcohol peddlers and gangsters.

A building housing the undertaking establishment of Shabbaro and Co., over which lives Municipal Judge John A. Shabbaro, a partner in the firm, was damaged to the extent of \$10,000 by a powerful dynamite bomb, set off shortly before midnight.

Judge Shabbaro and his wife, occupying the second floor apartment, were thrown from their bed by the concussion. They escaped serious injury.

The bombed garage, located 17 blocks from the Shabbaro place, was badly damaged by a similar charge of dynamite. Surrounding property was also severely damaged.

GIRL AWAITING DEATH PASSED BAD CHECKS

Pittsburgh, Feb. 18.—After fleeing from Montreal where they murdered a taxicab driver last summer, George McDonald and his wife, Doris, Palmer McDonald, now awaiting death on the gallows of the Canadian city came here and posed worthless checks and counterfeit securities, secret service agents revealed today.

Government agents became aware of the counterfeiting activities when imitation government drafts were passed in New York. The McDonalds suddenly took leave from Pittsburgh, the scene of their capture, and secret service men tracked them to Chicago where they were vanquished.

Shortly afterwards the couple was arrested in Battle, Mont., and returned to Montreal to answer for the capital crime.

Mrs. McDonald's father, Leo Snyder, has engaged counsel in Wheeling, W. Va., to try to save her from the gallows. He is expected to go to Montreal with his attorneys soon.

REMUS WILL GET HEARING MONDAY

Lima, Feb. 18.—Reports that George Remus, indicted king of the bootleggers, now confined in the state asylum for the criminal insane here as an aftermath of the slaying of his wife Imogene, would be freed Monday were denied by officials of the institution today.

A hearing before the appellate court here today resulted in testimony by Dr. W. L. Neville, defense attorney in Remus' murder trial, that he is sane.

A sanity hearing is to be held Monday.

FURTHER HEAVINESS

New York, Feb. 18.—In an active and irregular opening of the stock market, today the leading stocks displayed further heaviness. General Motors, in its initial turnover of 3,500 shares, opened at 133 down 1/2. American Can down 1/4 at 79 1/2. U. S. Steel down 1/4 at 140 1/2. Motors were heavy with Mack Trucks down 1/4 at 89 1/2 and Chrysler down 1/4 at 87. Radio Corporation declined 1 point to 81 and Tobacco Products and U. S. Industrial Alcohol each backed away 1/4 to 106 and 103 1/2, respectively.

Friday's closing crash in the overboarded industrial stocks and post specialists left a number of weak spots in the market, and stocks of this were thrown in the market at the beginning of trading today. Speculative buyers such as the market has been indulging in the last few days are not easily or quickly frightened out, and further losses of 2 to 4 points in the "bull" group evidenced the haste with which traders were lightening their load in this section of the market.

The week-end reports on general trade conditions by Duns and Bradstreet were not encouraging, and private wires to the brokerage houses did not even substantiate the financial district's reports on the steel industry.

Steel sellers, while admitting the large volume of business since the turn of the year, are inclined to believe that this is a hold-over from last year and may not continue on such a large scale. Gloom and disappointment being heavily over the oil industry, coming to the fresh cuts in crude oil prices this week, and the evident friction in the internal affairs of more than one of the leading companies.

International Nickel continued its downward movement and reached a low of 82, off about 17 points from the high of the month. Manipulation of this stock recently carried this stock to about 99, on the strength of the discovery of a new vein that will not be developed for two or three years. Prospect Texas, on which earnings were recently reported as the meager sum of \$3.24 a share for 1927, lost an additional 3 points at 66 and Greene Cananea Copper was down 3 points.

Fear of a drastic upward revision of rediscunt rates to force a contraction of bank funds employed in stock speculation is the chief weapon of the bears in the stock market at this time. Unwilling to support their speculative favorites at the above prices, banks established in the early part of this month, the bulls have withdrawn in disorder, while outside traders have been compelled to relinquish their holdings in the wild scramble of the past week.

Another brilliant page was written into the railroad earnings record by New York Central, which in 1927 surpassed its best previous record with net earnings of \$34,505,145, equivalent to about \$12 a share on the common stock. This is by far the best performance of this road since the consolidation of the greater system in 1914, and the report thereof today had an important effect in steadying the railroad share market.

While the sky-rocketing specialties continued to sell at lower prices in the second hour, the better grade on industrial and motor stocks found much better support, holding firmly around the level of Friday's close. United States Steel sold in good volume around 140 1/2, down only 1/2 from the previous close. General Motors declined nearly 1 point to 132 1/2, at which level the stock showed a low of about 9 points from the high of the month. Transactions in the first hour aggregated about 700,000 shares, which compares with 1,000,000 shares in the final hour on Friday.

Week-end commodity markets were fairly steady, with grain and cotton slightly lower.

LEETONIA

The annual luncheon of the Thursday Afternoon Reading club was held on Thursday in the home of Mrs. L. E. Fisher at 393 Columbia st., where at 1:30 p. m. a four-course luncheon was served with Mrs. Fisher, Mrs. Nellie Conrad and Mrs. W. E. Ward as hostesses. The guests were seated at small tables carefully decorated in Valentine colors, red flowers and tapers in the same color scheme. The place cards were miniature Valentines. Following the luncheon, several literary contests were held. Among the prize winners were Mrs. C. E. Greenhamer and Mrs. S. J. Dyer.

The Pi Delta Sigma, the new literary society of the Leetonia High school, enjoyed the first social affair of the organization on Thursday evening in the domestic science rooms of the North Side building. There were 25 present, with Miss Hazel Bechtold as chaperon. The first on the program was an abundant covered dish dinner. Paul Conrad performing the duties of toastmaster. There were six of those present who responded when called upon for toasts. There were also four eulogies—two on Washington, one on Lincoln and one on St. Valentine's day. Miss Mary Frances Johnson gave a piano solo, while Miss Ruby Wender charmed with a vocal solo.

The remainder of the evening was spent in cards and dancing to the music of the piano.

Approximately 112 persons attended the parish party of St. Patrick's church on Wednesday evening held at the home of Mr. and Mrs. P. B. Lavelle on Columbia st.

The committee in charge consisted of Mrs. Lavelle, chairman, Mrs. O. Sceney, Mrs. M. E. Sullivan, Mrs. George Woods, Miss Helen Casey, Mrs. Earle Chamberlain, Mrs. Peter Cuff, Mrs. Frank Dean, Mrs. Andrew Duce, Mrs. Michael Dubiel, Mrs. M. Dupal, Mrs. Frank Guerrier, Mrs. Sydney Hoffnagle, Mrs. Anthony Lee, Mrs. Mayne Mitchell, Mrs. Harry Neisels, Mrs. George Peppery.

The evening was spent in cards, there being 7 tables of bridge and 18 tables of euchre, entertained there were lovely prizes given by the committee. The ladies' prize for highest score in bridge was captured by Mrs. Herbert Fisher of Salem, while Joseph Blattman was awarded the first prize for men in bridge. Mr. and Mrs. Paul Dean of Salem, carried home the consolation prizes for both men and women in bridge.

In euchre, the first prize for women was won by Mrs. Patrick Wren, with Miss Marie Arnold being given the consolation prize.

In euchre the men's prize for highest score went to William Fisher, while Mr. Endres of Salem was given the consolation trophy.

Mrs. Mayne Mitchell was awarded the guest prize.

Among the guests present from Salem there were several from Youngstown.

Following the counting of score

SIXTY-FIVE years ago last month the pen of Abraham Lincoln made all men in the United States free. Slavery and serfdom are now illegal under the constitution.

Yet there are men and women still held in bondage by want and poverty, simply because they neglected to save in times of prosperity.

Money is plentiful today. Times are prosperous and by depositing a small amount in this bank each week, you can always keep them so, for your multiplied dollars will be constantly working for you.

ROBT. IRELAND'S
DEATH MYSTERY;
SUICIDE REPORT

Ship Owner's Body Found
In New York Apartment
by Wife

FIVE BULLETS
ENTERED BODY

Instrumental In Grouping
Of Shipping Interests
Of Great Lakes

New York, Feb. 18.—Mystery today surrounded the death of Robert Livingston Ireland, 60, wealthy ship owner and "coal baron," in his apartment here. Ireland was related to Mark Hanna, former U. S. senator and campaign manager of President McKinley.

Although the medical examiner pronounced the case a suicide, detectives suspected foul play. They pointed out that five bullets entered Ireland's body and that he would have had to use his left hand to pull the trigger. The shots appeared to have been reflected down ward from the left collarbone in the direction of the heart.

Two revolvers were found on a dresser at the foot of the bed, upon which Ireland was lying. One revolver had not been used recently.

Body Found by Wife
The body was found by the victim's wife, Mrs. Esther Wood Ireland, upon her return from a shopping tour. She told detectives her husband might have killed himself, but could not advance any reason for his act except the fact that he had been despondent because of heart trouble during the past year.

Police were puzzled because Ireland left no farewell note. They expressed the opinion that if he had contemplated suicide, he would have written such a note to his wife or to his children, Robert L. Ireland, Jr., and Elizabeth Ireland of Cleveland, Ohio.

In 1894 Ireland married Kate Benedict Hanna, niece of Mark Hanna, and the couple were divorced a year before his marriage to Miss Wood.

In 1903 he resigned his shipping post to become a member of the Cleveland firm of M. A. Hanna & Co.

Formed Shipbuilding Co.
Cleveland, Feb. 18.—Robert Livingston Ireland, millionaire partner of the late Mark Hanna, who was found dead of bullet wounds in a New York hotel, came to Cleveland shortly after he graduated at Yale university in 1890.

Twenty-nine years ago he was instrumental in consolidating the shipping interests of the Great Lakes into the American Shipbuilding company, of which he was vice-president until 1903, according to friends.

Ireland was a director of several corporations here and spent much of his time in traveling.

WASHINGTONVILLE

Mrs. Lynn Davis welcomed members of the Fortnightly club in her home on Thursday evening with Mrs. C. A. Stouffer, Mrs. H. J. Woods, Mrs. Ivan Davis, Mrs. Moses Grindle, Mrs. Curtis Grindle and Miss Grace Weikart, invited guests. Fancywork and contests were enjoyed. One of the contests which afforded much fun, was the guessing of the "baby pictures" of each one present. Prizes in the different contests were won by Mrs. Carl Weikart, Miss Grace Weikart and Mrs. William Faloon. The hosts served lunch. In two weeks the club will be entertained in the home of Mrs. William Faloon.

Joseph Thorpe gave the address at the K. of P. anniversary at Sebring on Friday evening. Joseph Cox is making his home with relatives at Lisbon. The percentage of attendance of the pupils of our school for the month ending Feb. 10, is as follows: Grades 1 and 2, Muriel Girard, teacher, 93.58 per cent; grade 2 and 3, Ethel M. Rich, teacher, 96.03 per cent; grades 4 and 5, Novella Johnson, teacher, 97.79 per cent; grade 6, Winifred Baker, teacher, 98.54 per cent; grade 7, Joseph Justice, teacher, 96.16 per cent; grade 8, Viola Gausevin, teacher, 98.68 per cent; High school, Kathryn Marquis and Mary C. Fitzsimmons, teachers, 97.90 per cent. There are 206 enrolled in our school, 110 boys and 96 girls.

Word has been received from James Paisley, who was operated on in a Baltimore hospital, that he is getting along as well as can be expected. Miss Mabel Tetlow who is employed at the court house in Youngstown, spent Sunday and Monday with her parents, Mr. and Mrs. William Tetlow. H. D. Arnold of Leetonia, was a local caller on Monday. Mrs. Mildred Snyder spent a few days in the home of her grandparents, Mr. and Mrs. Robert Sanders. J. S. Davis, janitor at the school, accidentally fell from a chair, while fixing a window at the school, badly injuring his back. He has been off duty several days.

SEE SMITH GIRL
IN CALIFORNIA

Search Turns West When
Men Report They Saw
Missing Student

Chico, Cal., Feb. 18.—The search for Frances S. John Smith, missing New York heiress and college co-ed, turned with startling abruptness to Chico, Cal., today.

Three men, who observed a girl in or about the Southern Pacific depot here, declared they are positive she answers the description of the Titian-haired beauty who vanished January 13 and has been the object of nation-wide hunt ever since.

The girl they describe as nervous and very much upset when she observed a newspaper photograph of Mrs. S. John Smith, mother of the missing co-ed, bought a ticket for Sacramento in an electric depot late yesterday.

She alighted from a Southern Pacific train, idled around the room and told curious attendants she was waiting for her husband, "C. N. Lee." Later she asked the way to the stage depot, but finally purchased an electric line ticket.

Whether or not she took the train could not be established.

Daughter of Famous
Diva Becomes Bride

San Francisco, Feb. 18.—Mrs. Marie Hilgartner, daughter of the world noted singer, Madame Schumann-Heink, is today Mrs. Charles M. Fox. She was married here to Dr. Charles M. Fox of San Diego. The famous diva was present at the ceremony.

Baltimore—Mrs. Margaret Marden, nurse to the late William H. Scott, furniture merchant, won her suit against executors of Scott's estate when court of appeals awarded her \$20,000 insurance money. She testified she broke an engagement to marry because he asked her to remain single and care for him.

Mullins Quintet Defeated By Olson's Nordics In Fast Game

SALEM UNABLE TO HOLD LEAD OF FIRST HALF

Great Guarding Game Halts Mullins' Early Rush and Scoring Power Gives Fast Road Team 68-45 Win; Studebakers Defeat Salineville, 34-30

Olson's Original Nordics, one of America's greatest independent road teams, captured a hard battle from the Mullins quintet 68-45, in a game at the high school gym Friday night.

The first end of the double-header was also a humdinger. The Salem Althouse Studebakers grabbed a close contest from the Salineville Kwanians, 34 to 30, thereby upsetting the dope with a crash.

The Mullins-Nordics game was one of the high lights of the season. The Salem outfit, after leading the entire first half, fell by the wayside in the third quarter and went down to defeat. But it was certainly honorable defeat, and the Coffeyville, Kan., players admitted they had played a great team.

Olson's team has two of the finest guards in the game today. In plain Martenev and Martin. The latter is a crouching, foul-baiter, and is extremely hard to get around. Each guard made 15 points, indicating the offense strength of the road five.

Salem Starts Out Well This guarding held down the Salem passers, Hawkins in particular. Matticks rang up 14 points to top his teammates, with Russell Reese, in his first game in a Mullins uniform, making 13. Even this star could not break through the Nordics' defense much of the time.

Older and Vogel put up a fine game at guard, doing all in their power to halt the progress of the Coffeyville team, but it was of no avail after the second quarter. Mullins took a 19 to 4 lead in the opening period, and chances of a Salem victory appeared bright. The Nordics stiffened in the second period, but Mullins still held a lead, 23 to 17, when the half closed. Mullins exhibited a changed attitude in the third period, and by a slow but certain process the Nordics forged ahead, getting a lead of 38 to 31 at the end of the period. Both teams went fast in the closing quarter, but the road five galloped way ahead setting the pace.

Good League Game One of the best county league games of the year was fought before a Salem audience last night. The game was a nip and tuck affair, and the see-saw battle finally went to Salem after a hectic struggle on the part of the Studebakers.

Salem ran away with the first period, 12 to 0 being the score at the close, but Salineville came back with a rush, scoring 19 points in the second quarter and holding the Studebakers to two points.

The Salem five showed its mettle by staging a strong comeback in the third quarter, taking the lead again 28 to 22. The team managed to hold a lead throughout the closing period.

Pete Saunders was the star of the game, making 16 points for Salem and playing a bangup floor game. Flip, center and Sartick, guard, also played brilliantly.

There was a crowd of 300 paid admissions on hand, which was sufficient to pay the expenses of the

HIGH BOYS WIN, BUT GIRLS LOSE AT WELLSVILLE

Boys Game Ends 23 to 11 While Girls Lose By 31 to 24 Score

Coach Wilbur Springer's Big Red five continued its march toward a fourth consecutive county title Friday night at Wellsville, downing the Orange and Black for the second time this season, 23 to 14.

The much defeated Wellsville Girls, however, upset the dope and brought down to defeat the Salem Girls by a 31 to 24 score. The result of this game cost Salem a chance at the title which now probably will go to East Palestine, if the latter wins the balance of its games.

The Boys' game was slow at times. Salem drawing out the Orange defense and taking it as easy as possible in order not to be fagged out for the important Kent State High battle here tonight.

Salem walked into an early lead, 12 to 4, at the first period and maintained the advantage in the next period, which ended 17 to 9. The team was content to play the same methodical way the second half and proved to be masters of the situation completely.

Captain Allen and Ed Sidinger got eight points each at forward and guard.

Girls' Game The brilliant guards of the Tinsley outfit could not halt a Wellsville victory last night. Moss, Beck and Barnes played a marvelous game on the defense, but could not stave off defeat.

It was a great game, however, exciting in thrills the Boys game. Zellers and Hassey, chief Salem scorers, were outdistanced by the Orange passers in the end, but put up a game fight up to the gun.

The Girls go to Lisbon tonight, and the Black varsity will meet Newell, W. Va. here in the prelim.

Speeding Up Army Housing Program

Washington, Feb. 18.—To speed up the army housing program, Rep. James (R) of Michigan, in behalf of a sub-committee of the house military affairs committee, today introduced a bill authorizing expenditure of \$12,664,950 for construction. The bill would bring authorizations under the army's \$100,000,000 housing plan up to \$33,000,000, and would provide quarters for 470 officers and 6,029 non-commissioned officers and enlisted men.

Guthrie To Umpire In American League

Chicago, Feb. 18.—William J. Guthrie, veteran umpire, was today added to the American League staff by President E. S. Barnard, completing the roster of 12 arbiters who will work in the circuit this season.

The appointment of Guthrie means his return to the organization after an absence of five years. He was a member of the umpiring corps of the league for a short time in 1923 and since then has worked in the Pacific Coast League, Southern Association and American Association. Last year he was employed in the latter circuit last year.

Clarence Rowland, former White Sox manager, a member of last year's umpiring staff, was not re-appointed.

Girls of Business College Win at Ellsworth As Boys Lose, 24-23

Salem Business College basketball teams split even in two games with Ellsworth outfit at Ellsworth Friday night.

The college Girls team won easily, 28 to 7, but the Boys lost a close one, 24 to 23.

Taking a lead of 11 to 4 in the first quarter, the boys figured they had a victory in sight, but Ellsworth outscored them for the balance of the periods and won in the last quarter. Capt. Ruggles, center, was Salem's star.

The Girls ran rings around the Ellsworth sextet. Flanagan and Grise tossing them in from every angle.

HUDKINS GIVES BAKER LASHING

New York, Feb. 18.—Nothing stood between Ace Hudkins and the world's welterweight championship today except the closing of a title bout, which seems to be a formality, and the determined visage of Joe Dundee, which seems to be nothing of the kind.

The story the day before yesterday was that the stand-between elements included the title chance, Joe Dundee and Sergeant Sammy Baker.

named in the order of their importance. The story last night was that Hudkins gave the sergeant the beating of his young life for ten gory rounds.

The story this morning is that Dundee must show cause why Hudkins is not to be the champion of his division.

They will probably meet over the championship distance of 15 rounds at the Yankee stadium, before all the June brides are married.

Rochester, N. Y.—A "body" seen in the ice under the Central Avenue bridge across the Genesee river proved to be merely a scarecrow. When police and firemen chopped

the ice away the found it was composed of a clothes hanger, a board and some straw inside the clothing.

FORMER STAGE ACTRESS MUST GO TO PRISON

Los Angeles, Cal., Feb. 18.—The probability that Dorothy Mackaye, former stage actress, may be taken to San Quentin state penitentiary within a short time, loomed today, following the denial of her appeal for a stay of execution.

She is under sentence of from one

to three years at the state prison for concealing circumstances surrounding the death of her husband, Ray Raymond, musical comedy star. Her application for a stay of execution was denied by Superior Judge Burnell. An appeal in her behalf is now being considered by Gov. C. G. Young.

Miss Mackaye has been in the county jail here for seven months, during which time appeals to the appellate court and the state supreme court failed.

Jaul Kelly, former motion picture actor, is now serving a term of from one to ten years in San Quentin for fatally beating Raymond.

CHANEY PICTURE AND NEW SERIAL DUE NEXT WEEK

Lon Chaney, playing the role of a Scotland Yard detective who adopts a ghost role to secure evidence comes to the State next Wednesday, Thursday and Friday in "London After Midnight." This film tops the programs at photoplay houses here next week.

The Grand will begin a new serial, "The House Without a Key" on Wednesday, the serial to run weekly. This is the second serial at the Grand, the other being shown Fridays and Saturdays, and is some indication of the growing popularity of serials, once again.

"The Joy Girl" opens the State's bill, being booked for Monday and Tuesday. Olive Borden has the part of a girl who has not much money, but who nobly will not be courted by any but rich men. She rejects a handsome chauffeur until she finds he is a "Prince Charming" in disguise. Neil Hamilton is the chauffeur.

Chaney's film, which will be shown three days, is regarded as one of the best of the "man of a thousand faces" has made his role is somewhat reminiscent, as to disguise, of the part he played in "The Phantom of the Opera" and a set of bulging, weird teeth accentuate his part. Marceline Day and Conrad Nagel have feature roles.

Saturday only "Ladies Must Dress" is on the program. Lingerie of all kinds passes in review before the eyes in this farce, and two nice young men are caught by one's sweetheart while engaged in conversation with a girl who has little on. The plot concerns the modernization of an old-fashioned girl.

Lya de Putti, the former heroine of Emil Jennings' films, has a romantic part in "The Heart Thief," a picture with a foreign setting, coming Monday and Tuesday to the Grand. Joseph Schildkraut has the hero role, and as such foils those who try to ruin Lya, his former sweetheart, by hiring him to do the job.

"Very Confidential," which will be seen Wednesday and Thursday, depicts the adventures of a sporting goods store clerk along the "gold coast." There she finds romance wears a bathing suit. The girl is Madge Bellamy.

Buck Jones, the blue streak of action, is a gunman in "Chain Lightning" on the boards for Friday and Saturday, when the picture opens, but he roasts a band of robbers when his favorite horse is stolen.

Complete bills for the week follow:

STATE
Monday and Tuesday—"The Joy Girl," Olive Borden; comedy, "Run, Girl, Run," and Pathe News.
Wednesday, Thursday, Friday—"London After Midnight," Lon Chaney; comedy, "Pass the Gravy," and Pathe News.
Saturday—"Ladies Must Dress," Virginia Valli.

GRAND
Monday and Tuesday—"The Heart Thief," Lya de Putti, comedy, "Toupe or Not To Pay."
Wednesday and Thursday—"Very Confidential," Madge Bellamy; comedy, "Egged On," and new serial, "The House Without a Key."
Friday and Saturday—"Chain Lightning," Buck Jones; comedy, "Mickey's Pals," and No. 3 of "Heroes of the Wild," with Jack Hoxie.

TONIGHT
GRAND—Punjab, the Hindu mystic, has an excellent act which is very entertaining. His powers are mysterious, and his knowledge of the occult is considerable. He performs tricks of the Orient which amaze and his company and him in a creditable manner. The picture is "Arizona Nights," Fred Thomson being the star.

STATE—"Turkish Delight," a farce in which a New York Turkish rug dealer inherits a harem full of beautiful girls.

STYLE EDICTS

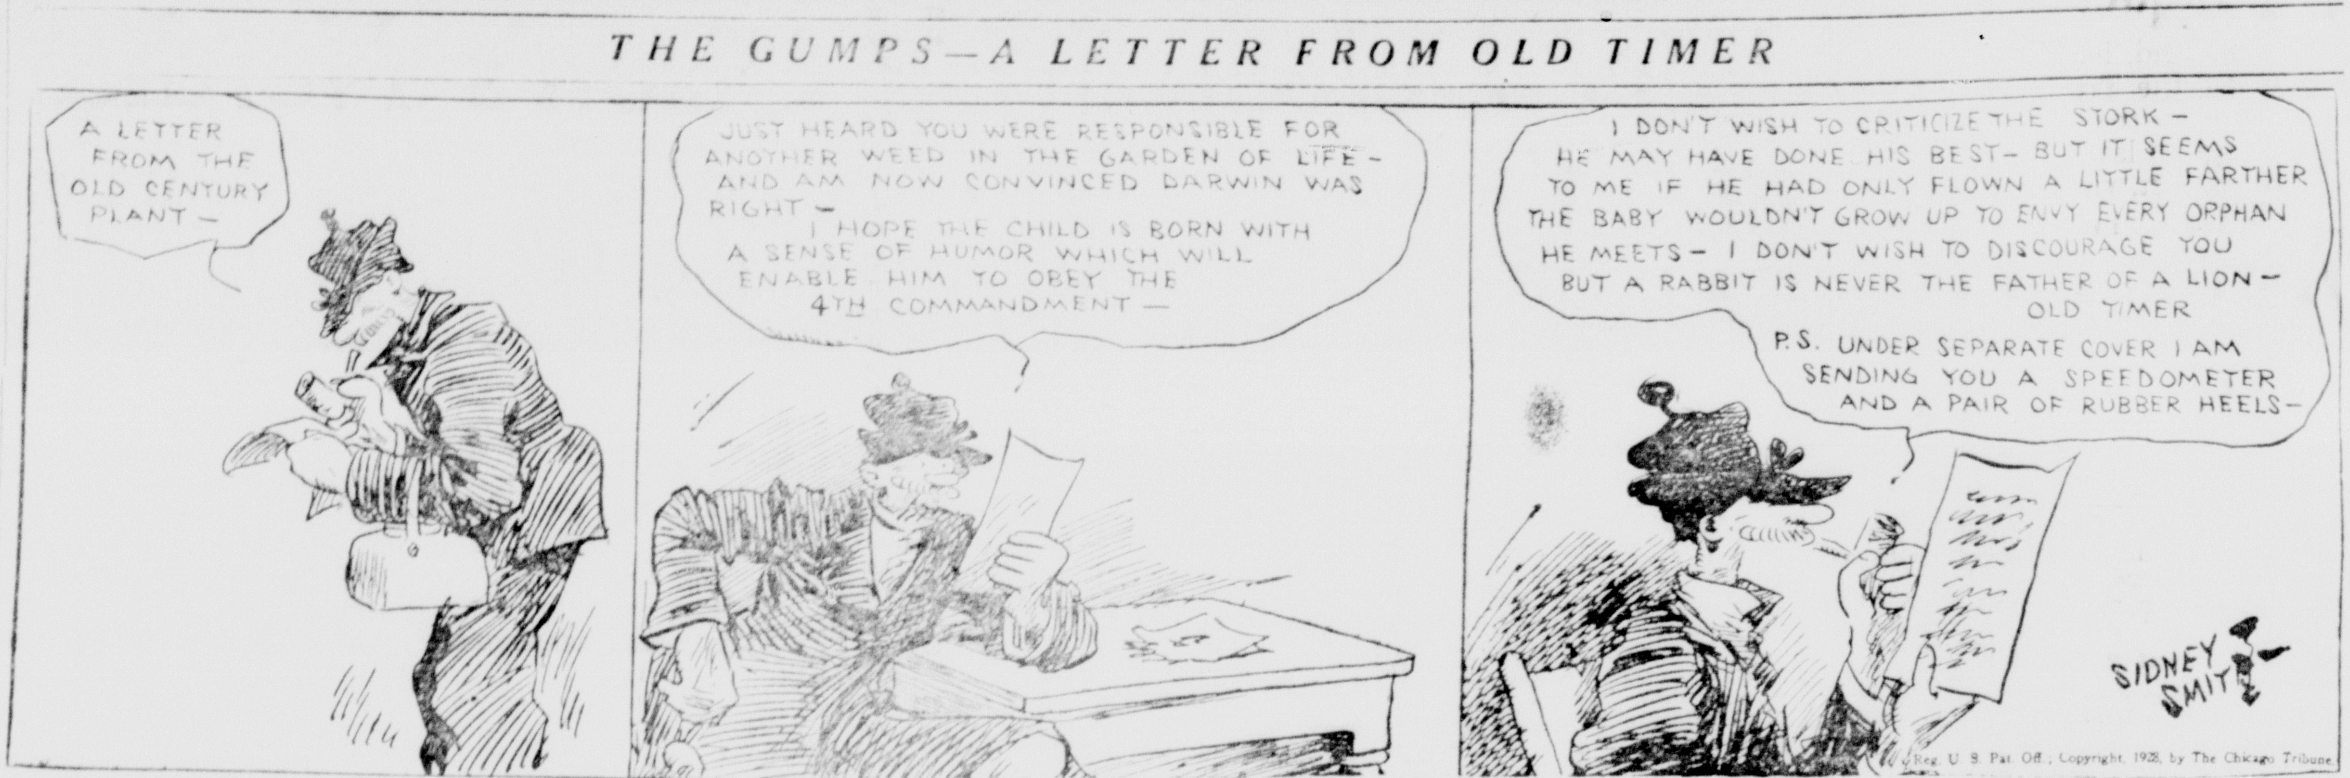

When Mrs. A. entertains for Ruth, her sub-deb daughter, nothing delights that young lady so much as to appear in a frock that has all the fineness of Mother's more sophisticated gown.

Mother, however, realizes that sophistication must be reserved for after the coming-out party and to compromise on the charming little frock shown here. It has all the artistry of a grown-up gown, yet retains the youthful simplicity so essential to sub-deb days. The subtlety of the change in these frocks lies in the rounding off of points and the difference of materials.

In Mother's gown, which is of gold-colored, lustrous moire, we find points featured in the V-neck and the ends of the sash which are permitted to hang well below the hemline to give the uneven effect so popular just now.

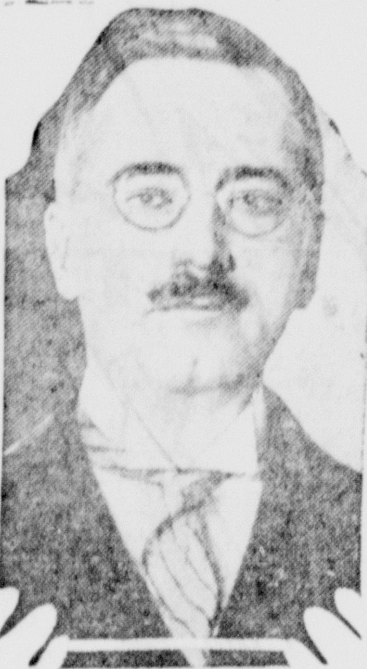

The gown itself is sleeveless and the long-waisted blouse shows just a little fullness above the tightly drawn, draped girde which is caught under a flat ornament on the left side. The ends of the girde are of gold chiffon and, falling as they do below the hemline in transparent points, give an extremely smart tone to the gown.

The sub-deb frock is made of taffeta, a far more youthful material than moire, and all the points have been turned into curves which are so much a part of youth. The color of the frock is turquoise-blue. It has a slightly lowered waistline, straight girde that is tied into a huge bow, and a slightly bouffant skirt. The ends of the sash come even with the hemline and are rounded off instead of pointed.

Small cap sleeves are set into the blouse and with these slight, but important, changes we have both mother and daughter gowned in the height of fashion, yet retaining the distinctive difference in their years.

New Chief Executive

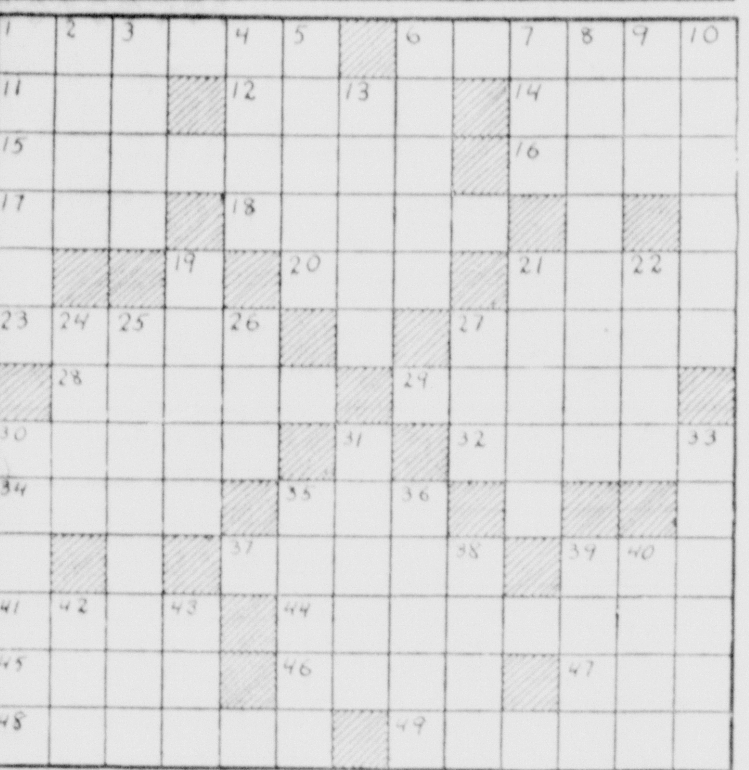

Here is the most recent photograph of Governor Norman S. Case of Rhode Island, succeeding late Governor Aram J. Pothier, who died February 4th. He is 39 years of age and served with the 26th Division as Judge advocate before elected as Lieut. Governor of Rhode Island under Pothier.

Darlington, Wis.—Marian McQuaid, 15, school girl, liked to play the violin, but she was ashamed to be seen in public with the old fiddle belonging to her father. She had about decided to get a new one when her teacher looked it over recently saw on an age-browned paper inside the instrument, the words "Stradivarius, Cremona Anno 1721."

Herewith is the solution to yesterday's puzzle.

THE HOME KITCHEN

By Jeannette Young Norton

There are a number of by-products in the meat line that may be utilized in a number of good and wholesome dishes. These dishes are always a help in boosting the budget and are an appetizing way of economizing. Try some of the following recipes and you will be surprised at the good things you have been missing, as well as at the money you might have saved.

Baked Liver
Take a pound of calf's liver and slice in thick slices. Put two slices of fat bacon into the frying pan and when hot and melting lay in the slices of liver and brown quickly. Then lift it to a plate with the bacon. Put into the fat two large thin sliced onions and fry until soft but not brown. Have ready three cupsful of smoothly mashed potato. Line a buttered baking dish with the potato, then put in a layer of the liver and bacon, then onions and seasoning of salt, pepper, a little sugar and sage. Continue until all is used, covering the top with potato. Dot with butter; strain over the gravy from the fried things and bake for about an hour. Serve a good tart apple sauce with the dish.

Mock Game Pie
Line a deep dish with good pastry. Take three pounds of lean pork and cut it into small serving pieces. Put a layer in the bottom of the dish, then put in a layer of chopped onion and tart apple, salt, pepper and a teaspoonful of sugar. Sprinkle a tablespoonful of very fine dry crumbs, dot with butter and continue this way until all is used. Now pour in as much well-seasoned stock as the dish will hold and put on the top crust having vents cut in it. Bake for two hours in a moderate oven. Cover if it browns too quickly.

Oxtail Stew
Get two oxtails and joint them into short lengths. Place the meat in a stew pan and add two sliced carrots, four very thin sliced onions, two tablespoonfuls of chopped celery leaves, a minced bud of garlic and the strained juice of a large can of tomatoes. Add two quarts of cold water and put on to cook slowly when the meat is tender and pepper, salt, a tablespoonful of sugar, six potatoes pared and sliced even fashion, and cook a half hour longer. If desired the meat may be lifted with a skimmer and the big bones removed before being sent to table. If this is done a little thickening may be added which improves the dish. Serve toasted croutons around the edge of the serving dish.

A New Way With Soup Meat
Get a good piece of shank meat, and when it has cooked until tender in the soup, lift and cut it from the bone. Slice in very thin slices. Fry

a few large slices of onion in butter until softened (but not brown) and lift them. Add a few tablespoonfuls of vinegar, pepper, salt, and a little dredging of a buttered baking dish. Lay the onion over the meat, then a layer of mashed potatoes. Pour over the gravy from the pan and brown lightly in the oven. This makes an excellent luncheon dish made possible by the soup, or a dinner dish after the soup.

Washington—A bill to increase from \$30 to \$60 per month the pension for Civil War widows over 75 years of age was reported recently by the house pensions committee. A similar measure last year was not signed by the president.

And How Much Does the Electricity Cost For Electric Timekeeping?

Is it expensive to own and operate?—our interested customers are asking about the Telechron, the modern electric timekeeper.

They have been agreeably surprised to learn that this marvelous time service costs but a few cents per month in electric light current, and the original cost of the Telechron is about the same as any good spring-wound clock—from \$16.00 up.

The Telechron gives you accurate Washington Time through your electric light wires. No special wiring required. No winding—no regulating. No oiling or cleaning. Why delay?

PLUNKETT RETIRES FROM COMMAND

Rear Admiral Charles P. Plunkett, for years one of the outstanding figures in Naval affairs, has retired from the command of the Third Naval District. Lower photo shows him with Mrs. George E. Owens, president of the Government Club, at a farewell luncheon tendered him in New York.

New Type of Plane Engine May Revolutionize Aeronautics

Washington, Feb. 18.—In a laboratory tucked away here in a quiet corner, army and navy airplane engineers are working unostentatiously today on a new type of airplane engine which may revolutionize aeronautical science.

It is a gasoline engine based on the principles of the steam turbine. The army and navy are working separately on the problem.

Developments thus far have not advanced sufficiently to warrant the engineers prophesying that the new power plant will be an immediate practical success, but they are extremely optimistic over the experiments.

The present gasoline airplane motor is only about 5 per cent efficient in relation to the amount of fuel consumed. It is hoped the new engine will increase the efficiency by 10 or 15 per cent, thus resulting in much faster and heavier planes. Most engineers agree that the maximum development has almost been reached with the present type of motors.

In private laboratories throughout the country, experiments are being made with Diesel oil engines. These are still in the preliminary stages.

"The next great improvements in aviation undoubtedly will come in motors," Porter Adams, president of the National Aeronautic Association, declared today. "This is essential if aviation is to keep pace with developments of the past few years."

COLUMBIANA

Another attractive basketball bill has been arranged by Manager Clarence Rohrer for next Tuesday night in the Columbiana gym. The Boosters will meet the fast New Brighton five, who recently held the Rick-Overlands of New Castle and the Big "Y" of Youngstown to low scores, thus guaranteeing a game between two teams that are evenly matched.

Another extraordinary attraction will be a game between two teams of girls playing boys' rules. These teams will be the McKendie Tires of Youngstown and Susie Spensler's Braceville Maidens, considered the two fastest girls' teams in this section of the country. "Bummy" Gieckler, former Columbiana High basketball star, is one of the leading McKendie players this year, and her friends will all be out to see her Tuesday night.

The first game will be between the Franklin Furnitures and the Hawkins Grocers of Berlin Center. This team defeated the Franklin

last week by one point at Berlin Center.

It's Easier!

Here's a new recipe for your electric waffle iron. Corn waffles served with grilled bacon or ham make an appetizing combination for luncheon or supper. Honey or syrup should accompany the waffles.

Corn Waffles

1 1/2 cups flour 2 eggs 1 cup milk
4 teaspoons baking powder 6 tablespoons shortening
1/2 teaspoon salt 1 small can corn, drained

Mix and sift dry ingredients. Separate eggs, adding yolks to milk. Combine with dry ingredients and mix well. Add melted shortening and corn. Fold in the egg whites which have been beaten stiff. Serve with ham or bacon broiled on electric grill or table stove.

(Fruit or nuts may be substituted for the corn in this recipe. If the fruit is tart, add sugar enough to sweeten.)
